

Safe Church Training - CSL

As a Religious Community in The Episcopal Church, our members are required to complete Safe Church training every 3 years. Further we, the community, are required to report the compliance status of our members annually. In an effort to get most of us on a synchronized schedule, all CSL members, no matter professed or oblate, in vows or formation, should plan on taking the required training between now and the end of **December 2023**. *You can even make it an Advent project (discipline) if you would like.* Obviously, if you have just completed the training there is no reason to retake it immediately. It just means you will be on a different renewal schedule. Note: If you are required to take this training as part of your church or diocesan work, as long as you use the same email address for your CSL and local login ID for Praesidium then you only need to take the training once (it will show “completed” in both places).

If you do not have a login for Praesidium (or you can't remember what it is or what your password is, please contact Br. Anskar (scott.nonken@gmail.com) directly for assistance).

Below is the Website and required course information you will need to complete the training. Thanks in advance for your attention to the requirement.

Peace,

Br. Anskar
